## **Paws Crossing Pet Resort Daycare Evaluation**

- Evaluations are \$25 pass or no pass.
- Appointments and proof of current vaccinations are required for evaluations.
- Unneutered/unspayed dogs over six months are not eligible.
- Evaluations are 2 hours. Drop-off must be before 1:45pm.
- You are not allowed to be with your dog during evaluations. This allows your dog and the other dogs to interact in a play group environment without distractions.
- Although we work hard to minimize this, there are certain risks associated with putting your pup in group play activity, such as bite wounds, scratches, and communicable diseases. You assume full responsibility for any injury to your dog. If Paws Crossing provides medical attention for your dog, you will be responsible for any charges upon pick-up. We will make all attempts to notify you immediately so please leave emergency contact info with us.
- Passing or not passing a pet for daycare is the exclusive right of Paws Crossing.
